

# THE BUTNER ARROW

THE DAILY BULLETIN OF THE NORTH CAROLINA WING ENCAMPMENT

VOLUME 2, ISSUE 5

WEDNESDAY, 22 JUNE 2011

## TIME TO FLY!

The Aerospace flight got to fly a 1:100 scale model of a top notch aircraft. The plane was R/C controlled and each cadet and senior

from the AE flight got to fly

it! The remote control. The

plane glided through the air and flew with a sleekness and charm to it. The single

piston engine had a very unique sound to it. A step closer to Surrogate Predator!

Nice frame!

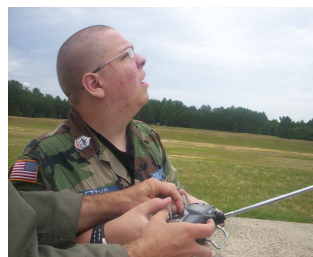

Talk about a lot of inner aerial support with servos,

cables, hoses, and rods! The interior of this plane is cool. Flying this plane gave perspective to the cadets of flying a real plane by learning the concept of relative

wind and the sky environment in 3D. Flying the plane was a little bit of a challenge but once it went up, it certainly went up!

## SPECIAL POINTS OF INTEREST:

- *Menu for Tomorrow: (23JUN)*

*Breakfast: Eggs*

*Grits*

*Biscuits / Bagels*

*Bacon or Sausage*

*Orange Juice*

*Coffee*

*Lunch: MRE's*

*Dinner: Chopped BBQ  
Baked Beans  
Cole Slaw  
Dessert*

## WEATHER FORECAST

DANGER—

**Wednesday High:  
97F**

**Heat Index: 105F+**

Partly cloudy, hot, and humid with highs in the mid 90s to around 100. There is a slightly better chance of seeing isolated afternoon thunderstorms this afternoon.

REMEMBER TO HYDRATE!

## ODE TO OSMOTIC RAISINS

Oh Osmotic Raisins: you are always in my lunch.

Oh Osmotic Raisins: you are processed by the bunch.

Oh Osmotic Raisins: you were deformed by a nuke.

Oh Osmotic Raisins: you make me want to puke.

Oh Osmotic Raisins: you are much lower than gruel.

Oh Osmotic Raisins: Al Qaida thinks you're cruel.

LT COL DONALD BECKETT  
C/MSGT ISAAC WOOLSEY  
C/TSGT JONATHAN HOBBS

SEMPER VIGILANS

ALWAYS VIGILANT

## DDR

In this course cadets and staff alike learned of the dangers of substance abuse and driving under the influence of drugs.

The cadets also tried on a pair of fatal vision goggles to simulate the effects of drugs and eyesight. It was for the cadets to stumble along and learn what drugs do to people and why we should avoid them at all costs.

Imagine driving with this vision!

## SAFETY—

Today we will be having the Rappel Tower and the obstacle course. Please follow instructions that are given to you by authorized personnel before doing an activity. At the Rappel Tower follow the lessons taught by the instructors unless you want to fall or pull a Maj. Wiggs upside down gag. On the obstacle course there will be no running or going to the obstacles that have caution tape around it. Each flight and staff member can go thru the course ONCE! Anyone caught breaking any of the rules will be excused from these activities. Also for advanced ground team remember to wear sun block and check yourselves for ticks and watch out for snakes and poison ivy.

Remember,  
Semper Hydrate!  
Semper Hy! Do it or die!

## BUTNER PUBLIC SAFETY PICNIC

It is an encampment tradition that on the 4th day of encampment our sponsors throw us a huge picnic! We

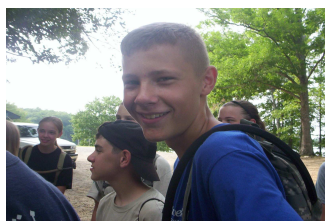

did not have the picnic at our regular dining hall instead we had it at the recreational area surrounding the serene and tranquil Lake Holt!

The picnic was provided by Butner Public Safety (a mixture of the police and fire

department). The entrees included hotdogs and hamburgers with potato chips as the appetizer and various types of sodas for drinks! Sure beats those MREs right?

The cadets and seniors had a blast as they ate and played games like ultimate Frisbee and capture the flag. We

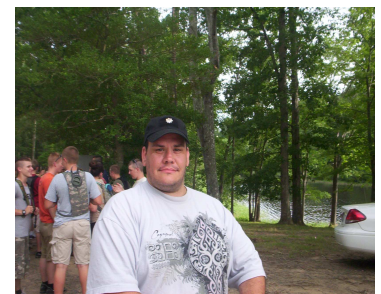

again would like to thank Butner Public Safety for catering this event and also all our sponsors involved in making this year's encampment one of the best in years.

## STAFF WELCOME

Lieutenant Colonel Davidson

Lt Col Davidson is the safety officer for the 2011 NC wing encampment. He is also one of the van drivers for this activity. Lt Col Davidson says that this year's encampment is really fun because it is safe. He also says that if something is safe then it is a lot more fun.
